To Whom It My Concern,

It is my honor to provide this recommendation letter for Ms. Jacqueline Tipton for the teaching position at your school. I have four daughters that have attended Hill City Elementary, my oldest daughter is 22 and she had Ms. Tipton for an art teacher all through her 6 years at the school. Each one of my children has had the pleasure of learning art and art techniques from Ms. Tipton. My youngest daughter is in fourth grade and will get to finish out the year with her before she moves on to middle school next year.

Ms. Tipton has established a wonderful rapport with her colleagues, students and their families. Her ability to connect with the students is superior. Her teaching concepts and creative ideas are exceptional. She has a way of encouraging all the children to bring out their artistic styles. Therefore, I believe Ms. Tipton to be a caring and dedicated teacher for all her students no matter where she is led to teach.

It is my pleasure to recommend Ms. Tipton for the teaching position at your school. Although she will be dearly missed, she will be a great asset to you team.

Sincerely,

Tiffany Gleason
